

STAY AT HOME PEJAC Art Challenge...

#stayathomepejac

CUT PAPER SILHOUETTE OPTION:

How can we create art in alternative presentation spaces? Safe at home!

How can we use what we have at home and what we see out our windows to create while staying home and staying safe?

1. **Look at the artwork** by Spanish Street Artist Pejac from Barcelona, Spain.
2. Use scissors and paper to **cut out the outline of an object, person, or animal**. Color it black and tape it in a window. You can also **find a small toy** or **cut out a character** from a cereal or snack box!
3. **Take a picture** of it interacting with it's new background. Don't forget to share your art challenge!

FOUND OBJECT OPTION:

Find a toy or object that you can use as a character in a visual story!

How can that character interact with your home or view from the window to **create a story**?

Take a photo and don't forget to share!

Examples by Ted Edinger: #stayathomepejac
